

MEET PLAN PARTY

The GNOME Project, powering Ubuntu, Fedora and Solaris among others on the desktop is having its annual meeting in Birmingham!

With the launch of the GNOME Mobile and Embedded initiative earlier this year, the GNOME Community ensure that even the smallest of devices run free software.

Join in and meet users and developers of GNOME from all over the world at GUADEC, the GNOME Conference!

UCE Birmingham Conservatoire
July 15-21th
